

Volunteer ESH7-4
partial RNase P RNA sequence

Secondary structure diagram of the partial RNase P RNA sequence from volunteer ESH7-4. The sequence is shown in black text, with some bases in lowercase (g, c, u, a) indicating mismatches or specific annotations. The structure includes a large internal loop on the left, a long stem on the right, and several smaller loops and bulges throughout. The sequence starts with 'G C A' at the top and ends with 'a u u c g g c c u a a g' at the bottom.
